

No Hidden Weaknesses Statement

We certify that, to the best of my knowledge, we have fully disclosed there are no hidden weaknesses in our algorithm.

Intellectual Property Statement for the Submission of TNC Signature scheme to the MySEAL Project

Tan Syh Yuan, Ng Tiong Sik and Chin Ji Jian currently have not filed for patents on the TNC Signature scheme. The TNC Signature scheme is provided royalty-free for commercial and non-commercial use in non-embedded applications. Licenses for use of the TNC Signature scheme in embedded applications may be obtained from the authors. Aside from legal restrictions applying to encryption algorithms (if any), these licenses will be issued on a non-discriminatory basis. We will undertake to update the MySEAL project when necessary.
